

For people who are planning to visit Kozushima Island

Updated Oct 1st,2021

Thank you very much for traveling Kozushima.

Due to restrictions such as repeated declarations, there is a strong desire to touch the nature of the island and refresh it.

And we have to welcome many customers as the state of emergency has been lifted.

However, the "new coronavirus infection" has not yet shown signs of ending, and its infectivity is strong. "Mutant virus" is spreading, and it is a great threat to Kozushima, which has a fragile medical system.

Approximately 80% of residents have received their 2nd inoculation against COVID-19. However, even though the state of emergency has been lifted, we will keep the "Restraint level - caution" until further notice to protect islanders from the threat of serious illness. We ask for your understanding and cooperation. This will change depending on circumstances in Tokyo and nationwide. Please keep yourself posted with the latest information.

We've decided on the following policy and measures, so that visitors will feel safe to visit us even under the current circumstances.

The tourism policy of Kozushima Island in response to the COVID-19 pandemic

Restraint level - lifted	<p>When <u>a declaration of safety is issued</u> by both Tokyo and national government, we will <u>lift our restraint request completely</u> and <u>accept visitors without conditions</u>.</p>

If a state of emergency is declared again without a request for the suspension of business, **“Restraint level - caution” will be applied**, which is the same as the current level. However, we will have to apply stricter conditions than what is in place now.

Like many other places, the Islands' lifestyle changed due to the COVID-19 pandemic. It will take time until the Corona virus is brought under control and managed similar to that of a seasonal virus,

such as the flu.

Meanwhile, we would like to continue accepting visitors under the outlined levels of restraint and their associated conditions. We are sorry for the inconvenience that this new way of welcoming guests may cause. We ask for your understanding and cooperation in these difficult times.
